EDUCATION

Jaypee University of Engineering and Technology   **2019 – 2023**
B.Tech - Computer Science and Engineering - **CGPA - 8.7**   *Guna, Madhya Pradesh*

COURSEWORK

- Data Structures & Algorithms (DSA)
- Database Management System (DBMS)
- Operating Systems
- Software Engineering
- OOPS Concept
- Web Development

TECHNICAL SKILLS

Languages: Cpp, C, Java, MySQL, MongoDB, Firebase
Technologies/Frameworks: HTML, CSS, JavaScript, React, NodeJs, ExpressJs, Linux, Git, Docker, AWS
Developer Tools: VS-Code, Postman, Canva

EXPERIENCE

Metastart ⬀   **Nov 2023 - Present**
Full Stack Developer   *Remote*
- Created a robust application that handles high-volume data, delivering optimal performance and user experience.
- Implemented user interfaces using React, and Tailwind and built back-end APIs and services using Node.js and Express, integrating with MongoDB and other external APIs.
- **Tech Stack:** Tailwind, JavaScript, React, NodeJs, ExpressJs, MongoDb, Git.

CampK12 ⬀   **Nov 2022 - Apr 2023**
Instructor   *Remote*
- Successfully conducted over 130 hours of LIVE sessions, delivering comprehensive instruction in full-stack web development to a diverse range of students at CampK12.
- **Tech Stack:** HTML, CSS, JavaScript, React, NodeJs, ExpressJs, MySQL, MongoDb, Git, Heroku.

PROJECTS

INVENTORY MANAGEMENT SYSTEM ⬀ | NextJs, MongoDB, Git
- It is a web-based application designed to manage and track inventory items efficiently.
- It provides a user-friendly interface for businesses or individuals to keep track of their products, quantities, and prices and helps prevent stockouts and overstocking.

AUTOMATED INVOICE SYSTEM ⬀ | JavaScript, NodeJs, ExpressJs, MySQL, Postman, Git.
- Implemented a CSV to JSON converter for data entry on the client side through an Excel file.
- Sanitizes all the data and fills in only the correct data and file upload system through multer.

CERTIFICATIONS

- React - The Complete Guide 2023
- Retrieval Queries in MySQL Workbench
- Modern JavaScript: ES6 Basics

EXTRACURRICULAR

- Successfully conducted two coding competitions Kodethon as Lead Co-Ordinator in **BITWISE(JUET Coding Hub).**
- Organised Workshops and Tech Event War For Trezor as Development Secretary in **MOZILLA Phinoex Club(JUET Development Hub).**
- Regional Athletic Championship. ⬀
- Won JUETHacks 2020. ⬀
- Secured 5th position in Kodeathon - A2. ⬀
